Professional Experience

Business Analyst Intern:
ATIL Pvt. Ltd. (Sept 2024 – Oct 2024)

- During my internship at ATIL Business Development Services, I analyzed advertising campaign data using key metrics like clicks, reach, CPC, and CTR to assess performance.
- I also performed cluster analysis to identify customer behavior trends and evaluate the effectiveness of advertising strategies.

Dattamsh (March 2025 – May 2025)

- During my internship at Dattamsh, I gained hands-on experience in curating AI-powered computer books tailored for the K–12 segment, aligning content with age-specific learning objectives and curriculum needs.
- I also conducted field surveys in primary and middle schools as part of my academic research to gather insights from teachers and students, which helped me evaluate the feasibility and growth potential of digital education tools in the school ecosystem.
- Assisted in curating and designing Canva presentations to visually communicate book content. Contributed to improving the company's website by presenting visual content layouts and suggestions for enhancing user experience and information flow.
